In Memoriam Nancy A. Olsen

Abstract

Memorial statement for Nancy Olsen, first Managing Editor of the Journal.

In Memoriam

Nancy A. Olsen

Nancy Olsen served as the first Managing Editor of the *Journal of Ocean and Coastal Economics* until her death in January 2015. Nancy worked for more than three decades in the scientific and academic publishing field, serving in a variety of editorial and managerial positions. She held a master's degree in International Environmental Policy from the Monterey Institute of International Studies (now the Middlebury Institute of International Studies at Monterey). The combination of her long experience in publishing with her passion for environmental issues made her the ideal person to guide the early development of this Journal. The Journal and the community it serves are the poorer for her loss.
